4. Examples from the Tokyo Legacy Half Marathon Charity

Tokyo Marathon Foundation Sports Legacy Program

Last year, a para-athletics class was held in the Japan National Stadium in conjunction with the Tokyo Legacy Half Marathon 2025 on the day of the race, Sunday, October 19.

The purpose of these classes is to provide opportunities for people with disabilities to come to the grounds of the Japan National Stadium, a sacred place for athletes, and to experience the excitement and emotion of athletes, nurturing their future growth and inspiring them to reach for new dreams.

Following on from last year, we expanded the scope of the classes, opening some to everyone, regardless of whether or not they have a disability, and we increased the number of people who could participate. The classes were taught by highly experienced coaches and athletes.

■Tokyo Legacy Half Marathon 2026 Charity - New Initiatives: +ONE Action

Since the 2024 race, the Tokyo Marathon Foundation has collected 500 JPY donations from runners during the entry process to provide support for those affected by the Noto Peninsula Earthquake. We have delivered these donations to the Donation Distribution Committee of the disaster-stricken areas via the Japanese Red Cross Society.

This year, the 500 JPY donations that are collected will continue to be used to support disaster-stricken areas, but also to support other organizations, primarily in Japan, to enhance initiatives for solving social issues related to diversity and sustainability, to aid in the healthy mental and physical development of children, who will be the leaders of the future, and to create a sustainable and rich society.

To make it easy for even more people to take the first step in their charitable activities, we have named this initiative **+ONE Action**. Through it, we will expand the base of charitable donors by turning people's desire to support and encourage others into concrete action.

* When runners submit their entries, they can choose from the following three donation recipients, including a charity that provides support for those affected by the Noto Peninsula Earthquake. (Runners can select up to three donation recipients)

Runners who take part in this Charity will pay 500 to 1,500 JPY, depending on the selected charities, in addition to the 13,200 JPY marathon participation fee (Entry fee, handling fee and tax included).

* This initiative is intended to provide support through sports, so donations will not affect entry drawing results.

* This initiative is different from the Charity Runner initiative.

① Donation for the 2024 Noto Peninsula Earthquake

The 500 JPY donations will be sent to the Donation Distribution Committee via the Japanese Red Cross Society for distribution to those affected by the 2024 Noto Peninsula Earthquake.

② Nationwide Children's Cafeteria Support Center Musubie

Donations will be provided to support volunteer-run Kodomo Shokudo (Children's Cafeteria) across Japan, providing places where children can feel secure and creating stronger bonds within communities. Many Kodomo Shokudo not only provide meals, but also help prevent children and families from becoming isolated and contribute to the development of local communities in which multiple generations support each other. The 500 JPY donations will be provided via Musubie to aid with support activities by Kodomo Shokudo across Japan.

③ Ashinaga Foundation

Ashinaga is a private, non-profit organization that provides scholarships, educational support, and psychosocial care to children who have lost one or both parents due to illness, disasters, or suicide, as well as to those whose parents are unable to work due to disability or other circumstances. The 500 JPY donation will be used to support Ashinaga's overall activities, including scholarship programs and other educational initiatives.
